4.2	<p>Matters Arising</p> <p>Action 2.0: Mr Speer advised that he will provide a brief guide in non legal language for future reference; this will be completed once the leases have been recorded by the Land Registry.</p> <p>Issues will arise every five years regarding the fee that St Ivo School pays to Huntingdon District Council; an arbitration process will be in place to ensure the fees paid for the use of the facilities are reasonable.</p>	<p>Mr Speer</p>
4.3	<p>Mrs Lynn requested an update regarding the member of staff currently suspended. Mr Griffin advised that an internal investigation is underway; a report will be presented to Mr Griffin in the New Year. A Governors Panel will be convened depending on the outcome of the internal investigation.</p>	
5.0	<p>Approval of School Accounts for the Financial Year 2015/2016</p>	
5.1	<p>School accounts for year ending 31st August 2016 were discussed. Mr Speer thanked Mrs Chiano for the efforts of herself and the Finance Team to ensure that the audit process this year ran smoothly.</p> <p>Elements of the Auditors Management Letter (circulated to all) were discussed.</p>	
5.2	<p>Queries raised in relation to the following areas of the Annual Report and Financial Statements: -</p> <p>Page 1 – Mr Chris Hillsdon - Vice Chair (resigned 6 October 2016) – this should read ‘6 October 2015’.</p> <p>Page 9 – Tangible Fixed Asset figure £14,642,271</p> <p>Challenge: Mrs Lynn querying figure of £14,490,949 on Page 22 of accounts for Tangible Fixed Assets in view of the £14,642,271 figure on page 9.</p> <p>Action: Mrs Chiano to seek clarification from Auditors regarding the use of the word ‘Tangible’.</p>	

	<p>[Response from Auditors received on 15th December 2016 Regarding your “tangible” query, this is indeed correct. We refer to tangible fixed assets, as buildings, plant etc are indeed tangible (as opposed to other assets which are intangible for example goodwill)].</p> <p>Governors Attendance:</p> <p><i>Challenge: Dr McMahon challenged Mrs Darnell’s five out of five meeting attendance and suggested that it should read four out of four. Mr Glanville advised that Mrs Darnell attended one meeting as a guest but did not have the authority to vote.</i></p> <p><i>Challenge: Mr Woodall challenged his attendance record and did not believe that two out of a possible five was correct.</i></p> <p>Mr Glanville suggested that the accounts were approved subject to clarification concerning the areas outlined above.</p> <p>Chair of Finance, Mr Speer, proposed that the accounts were approved; this was seconded by Mr Newton. All eligible Governors in attendance in agreement.</p>	
6.0	Headteacher’s Report (circulated with meeting papers)	
6.1	<p>Leadership and Management</p> <p>St Ivo have made contact with Pixl, this is a national group of schools that work together regarding sharing good practice.</p> <p><i>Advice: Mr Stavrou advised that staff should attend the Pixl conferences in pairs; there is a lot of information on offer at these events and two members of staff will be able to bounce ideas off each other.</i></p> <p>The next Pixl conference is on the 19th January 2017.</p> <p>Outcomes for Students</p> <p>Mr Griffin advised that St Ivo have started working with Pet-Xi, this company is concerned with interventions and is working with a number of local schools. Pet-Xi will be working alongside the school and there will be targeted days for maths and English for specific students.</p> <p><i>Challenge: Dr McMahon questioned what interventions are taking place for the remainder of the curriculum?</i></p> <p>In response, Mr Griffin explained that there is a ‘Raising Attainment Plan’ strategy in place.</p> <p>Each subject department has detailed the current for their subject area and has outlined and planned interventions to address these.</p> <p>Dr Craig added that the Pet Xi work with Hinchbrooke is also addressing the</p>	

	<p>remainder of their curriculum. There have been catch-up sessions for Year 7s; this has been over the course of five days for twenty six students. Dr Craig spoke of the substantial financial implication of such interventions; £100.00 per student per day or a discounted rate of £395.00 per student per week.</p> <p>Forty five students have been identified as requiring intervention of literacy. If Pet Xi were to offer catch up sessions for Year 11s in English, maths and science, the costs would escalate dramatically.</p> <p>Dr Craig advised that Pupil Premium students will be targeted through Pet Xi and the undertaking of (European Computer Driving Licence) ECDL. Pupil Premium resources can be used to fund the ECDL initiative - twenty four students for five days of intervention will cost £15,000.</p> <p>Pet –Xi have a wide range on offer – focus will be given to Bucket 3. A balance will be drawn between costs and spending the least amount in the most effective way for students themselves.</p>	
6.2	<p>Uniform Consultation</p> <p>The uniform consultation has been launched; feedback via a survey is required by 13th January 2017. This does not include Sixth Form, anything that will be done to the Sixth Form dress code will follow on from the uniform consultation.</p> <p>Dr McMahon advised that the uniform consultation has been well received by parents. Mr Ward advised that seven hundred responses have been received to date. A reminder will be sent to everyone in the New Year prior to the closing date.</p> <p>Mr Stavrou commented that it will be interesting to see the data.</p> <p>Discussion took place regarding the possibility of individuals responding more than once. Mr Griffin advised that this had been considered by Mr Ward but there was no simple way of blocking the same device from taking part in the survey twice.</p>	
6.3	<p>Student Behaviour</p> <p>The availability of an alternative provision in the local area was discussed. Previously there had been a unit in the Hartford area. Since the closure of this unit, Mr Griffin advised the meeting that local Headteachers are now at a disadvantage as there is no alternative to expulsion when addressing extremely challenging students; however, heads are pursuing an Alternative Provision Free School plan.</p> <p>Local Heads support the possibility of a TBAP running a free school in this area. A list of financial questions will be devised for TBAP to respond to before anything is agreed to.</p>

7.5	<p>Mr Griffin advised that a sponsor has approached a local school through the Department for Education. The sponsor had advised that the Cambridgeshire patch is of interest to them – this sponsorship is not a financial investment. The meeting discussed that St Ivo School could apply to be a sponsor academy; applications can be submitted three times per year; once per term.</p> <p>Action: Small core group to formulate a full view of the creation of a Multi Academy Trust identifying the advantages and disadvantages. Report back to March 2017 Full Governors Meeting.</p> <p>Dr McMahon advised that the Ouse Valley Partnership meeting in January 2017 can discuss this issue further.</p>	Mr Glanville to lead

Servers are based in two separate secure locations; however, these are not fire proof. Mr Davies confirmed that the insurance company is satisfied with this method.</p>	

	<p>In response to Mr Smith’s suggestion of changing the wording under “staff use of the internet”, Mr Davies advised that Mr Smith’s wording “<i>the accessing of inappropriate or indecent materials from the internet or via email will be investigated, which may result in disciplinary...</i>”.will be adopted in order to strengthen this item in the policy.</p> <p>Mr Davies also confirmed that ‘find my iPad’ MDM has been installed on all devices. 10.0	Pupil Premium (papers circulated)	
10.1	<p>Dr Craig advised the meeting he meets with Mrs Barnes, Community Governor every half term to monitor Pupil Premium and last met with Mrs Barnes on 7 December 2016. Details of this issues discussed during the meeting are contained in the papers circulated to all Governors.</p> <p>The meeting on 7 December 2016 with Mrs Barnes highlighted the following: -</p> <ul style="list-style-type: none"> • The gap between Pupil Premium/disadvantaged pupils and other students in St Ivo has reduced from 30% in 2015 to 27.1% in 2016. • However, the Ofsted 2016 dashboard for St Ivo represents weaknesses for disadvantaged students against national non disadvantaged pupils due to: <ol style="list-style-type: none"> 1. <i>Disadvantaged pupil Progress 8 was significantly below national non disadvantaged and in the lowest 10% overall and for the low and middle prior attainment groups.</i> 2. <i>Progress was significantly below average and in the lowest 10% in at least one of EBacc or open elements or science, languages or humanities for the group: disadvantaged, disadvantaged low, disadvantaged middle, SEN low and middle.</i> 3. <i>Attendance is low for free school meal students.</i> <p>Dr Craig explained in order to address the above issues; he has liaised with Hinchbrooke and Linton schools, researching disadvantaged pupil performance across other schools and organisations (PiXL).</p>	

	<p>Common themes were identified: -</p> <ul style="list-style-type: none"> • Disadvantaged pupils are entered for the European Computer Driving Licence. • Engagement of intervention companies such as PET-Xi. <p>In response to this, Dr Craig and Miss Morrison have made provisional arrangements for twenty four students, (ten are disadvantaged pupils) to sit the ECDL in February 2017 (unless qualification is withdrawn by the government). This will benefit Progress 8 and is recognised as a GCSE. In addition, a provisional booking has been made for two topic focus days, the first will be held on the Easter Professional Day for Maths, there will be a focus for English during the Summer half term. These will be for disadvantaged pupils.</p> <p>Mr Stavrou commented that it is advantageous for students to undertake the ECDL before GCSE exams, this can be motivational; however, there is also the option that students can complete it after their GCSEs.</p> <p>Dr Craig advised that there are discussions currently taking place regarding current Year 10s completing ECDL towards the end of the Summer term.</p> <p>With regards to attendance, figures are broken down into groups by SLT. The impact on the attendance target rate of 96% can be quite significant particularly when there is poor attendance by two or three students: the figure can drop to 93%.</p> <p>Challenge: Dr McMahon enquired as to which pupils are included in the twenty four.</p> <p>Dr Craig advised that there is a mix of both underperforming disadvantaged and Pupil Premium. Pupil Premium funds can be used for this purpose.</p> <p>Mrs Brading, Disadvantaged Pupil Mentor/Administrator is to meet with a non feeder Primary School in January 2017 to develop discussions with regards to how to treat Pupil Premium students. Information from this will be used as an initial sounding board before approaching St Ivo feeder Primary Schools as part of the Ouse Valley Action Plan.</p> <p>Following on from this, Mr Newton advised that Mr Varey, Key Stage 3 Director is currently building links with local Primary Schools to facilitate transition from Year 6 into Year 7.</p>

The issue that had arisen regarding the fencing and the existing right of way is ongoing. There will be a management access system for the gates and provision of security.</p> <p>Mr Newstead advised that in relation to the Eco-Refit, he has visited Hinchingsbrooke School where the Eco-Refit has taken place. The upgrade and the building management system for Hinchingsbrooke have been well received.</p> <p>St Ivo School will proceed with the Eco-Refit; this has been signed by Mr Griffin.
