Organisation and Responsibilities for Health, Safety and Welfare

In order to ensure that health and safety issues are dealt with in accordance with our establishment's safety policy, the following organisational structure has been approved by the Governing Body.

1. Governing Body

The Governing Body has the responsibility to ensure that:

- 1.1 A clear written policy statement is created which promotes the correct attitude towards safety in staff, visitors and students.
- 1.2 Responsibilities for health, safety and welfare are allocated to specific people and that these persons are informed of these responsibilities.
- 1.3 Persons have sufficient experience, knowledge and training to perform the tasks required of them.
- 1.4 Clear procedures are created which assess the risk from hazards and produce safe systems of work.
- 1.5 Sufficient funds are set aside with which to operate safe systems of work.
- 1.6 Health and safety performance is measured both proactively and reactively.
- 1.7 The health and safety policy and performance is reviewed and approved by Governors on an annual basis.

The Governors appreciate that they can only work within their allocation of the total education budget and that they will only be accountable for deciding how the budget within their control is to be spent. The Governing Body has established arrangements for ensuring the requirements of this policy are properly implemented and that the policy remains effective and appropriate.

2. Head Teacher

Overall responsibility for the day-to-day management of health and safety in the school rests with the Head Teacher. As manager of the establishment and of all the activities carried on within it, the Head Teacher will advise Governors of the areas of health and safety concern which may need to be addressed by the allocation of funds. Matters requiring particular consideration by the Head Teacher will include:

- 2.1 Ensuring that there is an adequate system in place for the undertaking of risk assessment in compliance with the requirements of the Management of Health & Safety at Work Regulations;

Arrangements & Procedures for Health, Safety and Wellbeing

The following procedures and arrangements have been established within our school to eliminate or reduce health and safety risks to an acceptable level and to comply with legal requirements:

1. Accident Reporting, Recording & Investigation

Employees must report all accidents, incidents, dangerous occurrences, violent incidents, verbal abuse and near misses in accordance with the County Accident Reporting Procedure.

- All accidents, dangerous occurrences, and near misses must be reported on the standard County Council Incident Reporting Form at the following link www.reportincident.co.uk. Violent incidents and verbal abuse must be reported on this form.
- “Near Misses” must also be reported. These are incidents that occur but where no injury or damage is sustained but could, potentially, have been serious incidents. Remedial action taken promptly after a near miss can prevent a serious accident occurring later.
- The Head Teacher should ensure that they have seen each Incident Reporting Form before they are sent to Shire Hall. A copy should be kept at the establishment and either centrally filed or held on the personal file of a staff member or student/child. NB Faulty systems of work, plant, equipment, fittings etc, must be reported and attended to as soon as possible.
- The Head Teacher or other delegated officer must investigate accidents and take remedial steps to avoid similar instances recurring. Faulty equipment etc. must be taken out of use when necessary and will be clearly labelled to that effect.
- In the case of deaths and major injuries the Critical Incident Policy must be followed.
- The Incident Reporting Form must be completed and sent to the Health & Safety Team (within 10 calendar days). Please refer to the Incident Reporting Form guidance for full details of reportable incidents. Full guidance and copies of the form are located on the Education Portal (Resource id 3904).
