

Year 10 Work Experience 2018

Mr Stuart Nunn-Head of Year 10

Miss Ellie Williamson-Assistant Head of Year 10

Mrs Linda Bartlett- Head of Careers

Mrs D Carpenter-Work Experience Coordinator

The Work Experience Coordinator

- Works closely with students to help them find their own placements. Some students may have a school placement.
- Develops relationships with local companies to maintain goodwill in order to gather placements for Year 10 and 6TH form
- IOSH/RoSPA Qualified-Runs Health and Safety checks on all businesses to make sure that St Ivo students will be safe working at the company.

Preference sheet

- This is a sheet that the students have filled out to give the coordinator a basic idea of what area they would like to work in.
- They have chosen in order of preference what they would like to do for work experience.
- These have been processed and students wishing to do school placements (these are provided by companies which usually only wish to deal with school directly) will be called to lunchtime meetings in groups to be placed when all employers are confirmed.
- Students can change their minds about their choices up to 4 weeks prior to 22nd June and are always welcome to talk about any new ideas they have had.

Student's Own Placements

- These are placements that students find themselves and are the most common type of placement.
- Maybe someone that they know, such as a parent, uncle or older sibling, who works somewhere interesting can help them negotiate a placement.
- There may be an area of work that they would particularly like to try, and can approach a company that you or they know about. Go to Careers Office first in case we have contact details that could be useful.
- Some companies do not take students at all, or only over 18s, so students should always go to the Careers Office first to possibly save themselves a pointless approach to a firm who will not accept them.

Continued over

Students fill in the small section at the top.

Their parent or guardian **must** sign the form. There may be an administration charge for some out of county placements. There is no charge for anything within Cambridgeshire or nearby.

The rest of the form is filled in by the employer. They must sign at the bottom of the back page. If the form has not been signed by both parent and employer, it cannot be processed. **This form is only required for companies new to the school.**

Deadline for Own Placements

- Own placements paperwork in by Friday the 20th of April please. This gives students all the Christmas and Easter holidays plus some extra time to find something they would really like to do.
- It also gives the coordinator time to go out and do all of the Health and Safety checks before students go out on placement.

'School' placements

- These are providers that have worked with the school before and are happy to accept approach letters from students. The coordinator can usually guide students towards one of these placements after ascertaining their genuine interest. Placements where a student has a genuine interest in the placement area are always the most successful, so student motives for asking for a particular place are examined closely.
- Sometimes “Because it is next door and I can spend an extra hour in bed” or “I can’t think of anything else” are honest answers, but not good reasons to spend two weeks in an unfamiliar environment. In this case the coordinator will try to find out what the student really wants to do and help them look for something more appropriate.

Companies not to be approached

- There are some companies that do NOT wish to be approached by students/parents and will only take students recommended by the school as they have particular requirements of the type of student they feel will be suitable for their business.
- Students will be made aware of these companies which include;
- Waitrose/ St Ives Nursery/MediVet/Hunts Community Radio/Leeds Day
- All local primary schools (no ex-pupils)

Health and Safety at work

- The coordinator is a RoSPA/iosh qualified risk assessment auditor and will visit each placement provider to check that it is safe for our students to be there.
- For placements out of county, or where children are working with close relatives, a disclaimer form can be signed by parents.
- All providers are obligated to sign a safeguarding children form which outlines basic child protection policy.

CVs

- CVs should have already been written at the end of Year 9. The coordinator will help any student whose CV needs some work to get it just right.
- Everyone will write a CV whatever their placement circumstances. CVs are sent out with letters.
- CVs are constant working documents. Students will need one to apply for;
- Employment\apprenticeships
- St Ivo Sixth Form
- Other places of further education

Letters

- Everyone writes a letter. In their letter, they will request an interview. Some providers prefer emails, but these, as well as letters will have to be checked for spelling, grammar and appropriate content by a member of staff.
- If they have an own placement, their letter is to thank the employer for offering them the placement, and to arrange an interview.
- If they have a school placement, their letter is to introduce themselves and arrange an interview. The employer will be expecting a letter from them.
- The coordinator is always available at lunchtimes to help students write their letters. There are templates available for students who want to do the letters on their own, but would like a little guidance.

Interviews

- All students should have an interview, as it is an opportunity to experience something that they will have to face in the future and will be good preparation.
- Interviews, as well as letters, are their chance to impress the employer.
- Students should dress smartly or in proper school uniform.
- Yellow forms are signed by the employer at the interview.

Job description

- Before their interview, students will be given a job description.
- This will tell them and you;
- What their duties and working hours will be
- How they should dress appropriately for the work
- Make clear any health and safety issues

At work

- Students will have a health and safety induction.
- After a few days, the school will ring the employer to see how they have settled in.
- They will fill in a work book during the placement to record their thoughts, achievements and progress.
- Students will be visited at their placement by their form tutor or another member of staff who knows them. If, for any reason, it is not possible to visit, another phone call will be made to check that all is well with the student.

Feedback Day

- On Monday 16th , when students return to school, they will spend lessons 1-3 carrying out these activities;
- Filling in a placement Feedback form and sharing their experiences with their peers
- Writing a thank you card to their employers
- Writing a Summary Statement of their Work Experience and updating their CV

Any questions?

- Please feel free to email the coordinator with any queries you may have and your questions will be answered as soon as possible.
